## Sponsor a Firefighter

As a department, we help provide protection for a majority of Erath County from emergencies such as fires, motor vehicle accidents, flooding, and more. We do this service gladly, with the only benefit to the firefighters of this department being the knowledge that we have done our job well. Our general fundraising efforts are used to equip the department with the items we need to perform our jobs or send personnel to training events. This generally leaves limited funds to outfit ourselves with personal equipment such as boots, structure firefighting gear, wildland firefighting gear, radios, etc. This equipment does not come cheap so we continue with what we currently have. The cost of outfitting one person with the needed personal protective equipment is in the \$2500.00 per person range. Many times, we reach into our own wallets to purchase the must have items to protect ourselves.

We are looking for twenty five sponsors to participate in our “Sponsor a Firefighter” program. This will be a yearly program in which we are asking for a \$500.00 tax deductible donation to be used toward the purchase of personal equipment for our volunteer firefighters. We are not asking you to sponsor someone in particular, we are just asking for 25 sponsors since that is the number of volunteer firefighters on our roster. In exchange for your donation, you will be presented with a plaque stating that you sponsor an Erath County Volunteer Firefighter with space to add continued sponsorship should you so choose. After 5 years of sponsorship, you will be awarded a new Gold Level sponsor plaque. After 10 years, a Platinum level plaque will be awarded. We will also be placing a sponsorship banner in our fire station for visitors to admire. Best of all, you can feel comfortable knowing that you helped protect those who volunteer to protect your community and its property.

Thanks for your continued support of our efforts to protect and save.
